How we work

Events • Workshops • Keynotes • Bespoke Programmes

Tailor-made events and programmes connect our authors with your people to stimulate ideas, generate growth and spark creative thinking at the heart of business.

The Penguin Connect pillars

Our event content falls into three main strands

Looking In Personal growth

Self-understanding is the foundation for successful personal and working lives. Our authors explore what makes people tick, nurturing self-awareness, resilience and inner balance in a time-pressed world.

Looking Out Expanding horizons

Adaptability, inclusive and flexible thinking are key to success in our fast-changing society. Our leading thinkers deconstruct complex issues and challenge the norms to help embrace and master the now.

Looking Ahead Powering the future

How to unlock real innovation and think differently? Our authors inspire creative problem solving and genuine progress through their own unique perspectives on purpose, authentic leadership and the nature of work.
