Four of the names are hidden backwards or upside down. Write the names of those four characters in the boxes below.

With a friend, take turns connecting two dots with a straight line. If the line you draw completes a box, put your initials in it and take another turn. You score one point for each box containing your initials. If a box you completed also contains a Toad, give yourself two points. When all the boxes are completed, the player with the most points wins!
Can you find the names of Mario's power-up items in the grid below? Words can go up, down, left or right, but never diagonally. When you've found them all, complete the page with one of your favourite stickers.
